Tucker Jenkins - Director

Quality Assurance

Services Limited

Compliance/Safety Management

Throughout my career in Aviation and in Compliance management, I have held several Form 4 Post-holder positions and other regulatory positions in a variety of areas including AOC, ATO, Part 145, Part M, Part 21 G & J and BCAR. Within these areas I have held both Compliance Monitoring Manager and Safety Manager positions.

In these positions I have developed comprehensive Assurance Monitoring programs, implemented Safety Management Systems, introduced and managed ISO quality standards as well as development of Safety Management and Compliance Monitoring procedures and manuals.

With this experience, I am well placed to provide Compliance and Safety Management on short term, part-time or long term positions
